

## SMOKING POLICY

In accordance with government policy, John Tonkin College is a SMOKE FREE ZONE. Smoking is not permitted on any government property; no person is permitted to smoke anywhere in or around the school premises or at school functions.

This applies to all staff, students, parents/carers and visitors.

Students smoking is against government legislation and Department of Education policy. Any student who is found to be smoking, on the school grounds or in school uniform, is subject to disciplinary action.
