

# YEAR 10 - UP

## UNIVERSITY PATHWAY

# PROGRAM

20  
24

The Year 10 UP (University Preparation Program) is designed to stimulate and equip students to prepare for success in our senior school university pathway. Successful applicants will interact with motivated students who aspire to achieve the best of their ability.

Year 10 UP students study the same general program as all JTC Year 10 students, in addition, UP students will focus on preparing for success in UniReady, a Year 11 and 12 senior school pathway.

Students who are accepted into the UP Program are not 'locked in' to enrolling in the university pathway in senior school; rather, completion of the Year 10 UP Program will provide students with greater options for senior school pathways and beyond.

### PROGRAM FEATURES

- Expert teachers in Mathematics, English, Science and HASS
- Students taught explicit learning, collaboration and critical thinking strategies in every class
- Individual support for planning further education opportunities and a future career pathway
- University partnerships and on campus experiences
- Access to a range of services to support social and emotional wellbeing
- After school tutoring support in English and Mathematics
- Opportunity to enrol in a range of elective subjects
